

**COMPUTING METHODS IN HEP    Exercise 6    Spring 2024**

(To be returned by 10:15 on Friday 1.3.)

1. Write a Makefile, compile (and modify) your scripts in Exercise 5 into C++ programs.
2. Rewrite your scripts in Exercise 5 in PyROOT

Please push your results into your public git repository.

**No lecture nor exercise session on Friday March 1 due to Physics Masterclasses overlapping and taking all day.**
